

Technical drawing of a wooden structure, showing three views: TLORIS (Elevation), PREREZ 1-1 (Section 1-1), and PREREZ 2-2 (Section 2-2).

TLORIS (Elevation): The main view shows a structure with four vertical sections, each labeled "MONTAŽNA PLOŠČA" and "MONTAŽNA KLJUJKA RA ≈ 16". The structure is divided into four equal vertical sections, each 100 units wide. The total width is 400 units. The height is 300 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 400 units. The height is 300 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 400 units. The height is 300 units.

PREREZ 1-1 (Section 1-1): This section view shows the internal structure of the wall. The total width is 250 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 250 units. The height is 300 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 250 units. The height is 300 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 250 units. The height is 300 units.

PREREZ 2-2 (Section 2-2): This section view shows the internal structure of the wall. The total width is 300 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 300 units. The height is 300 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 300 units. The height is 300 units. The structure is composed of four vertical sections, each 100 units wide. The total width is 300 units. The height is 300 units.
